

INTERNATIONAL TRIBUNAL FOR THE LAW OF THE SEA
TRIBUNAL INTERNATIONAL DU DROIT DE LA MER

Press Release

RECONSTITUTION OF THE TRIBUNAL'S CHAMBERS

During its 44th Session, the International Tribunal for the Law of the Sea reconstituted its chambers. Apart from the specific situation of the Seabed Disputes Chamber, which has exclusive jurisdiction in cases relating to Part XI of the United Nations Convention on the Law of the Sea ("the Convention"), disputes are dealt with by the full Tribunal unless both parties agree to refer the dispute to a chamber.

The composition and mandates of the Tribunal's chambers are as follows:

Seabed Disputes Chamber

The Seabed Disputes Chamber has exclusive jurisdiction under Part XI, section 5, of the Convention in either contentious or advisory proceedings over disputes or issues relating to the exploration and exploitation of the seabed and ocean floor and the subsoil thereof beyond the limits of national jurisdiction (the "Area"). The Chamber is composed of 11 judges, who are selected by the members of the Tribunal every three years. The selection process ensures the representation of the principal legal systems of the world and equitable geographical distribution. The Chamber elects its President from among its members. The composition of the Chamber for the period ending 30 September 2020 is as follows:

President	Judge Hoffmann
Members	Judges Cot, Lucky, Pawlak, Yanai, Kateka, Gao, Bouguetaia, Kelly, Kulyk and Heidar.

Four special chambers have been established in accordance with article 15 of the Statute; cases may be submitted to them at the request of the parties to a dispute:

Chamber of Summary Procedure

This Chamber is established annually pursuant to article 15, paragraph 3, of the Statute of the Tribunal ("the Statute"). The Chamber may hear and determine a case by summary procedure if the parties so request. The Chamber may prescribe provisional measures if the Tribunal is not in session or a sufficient number of members is not available to constitute a quorum. The Chamber is composed of five members and two alternates, as provided for by the Statute. The President and the Vice-President of the Tribunal are members ex officio of the Chamber; the President

of the Tribunal presides over the Chamber. The Chamber has been constituted as follows for the period ending 30 September 2018:

President	President Paik
Members	Vice-President Attard, Judges Ndiaye, Cot and Kelly
Alternates	Judges Kolodkin and Lijnzaad.

Three further chambers have been established for a period of three years pursuant to article 15, paragraph 1, of the Statute:

Chamber for Maritime Delimitation Disputes

The Chamber is available to deal with disputes on maritime delimitation. The Chamber consists of eleven members and is chaired by the President of the Tribunal. The composition of the Chamber for the period ending 30 September 2020 is as follows:

President	President Paik
Members	Vice-President Attard, Judges Jesus, Kateka, Bouguetaia, Gómez-Robledo, Chadha, Kittichaisaree, Kolodkin and Lijnzaad.

Chamber for Fisheries Disputes

The Chamber is available to deal with disputes concerning the conservation and management of marine living resources. The Chamber consists of nine members. The composition of the Chamber for the period ending 30 September 2020 is as follows:

President	Judge Heidar
Members	Judges Jesus, Lucky, Yanai, Hoffmann, Cabello, Chadha, Kittichaisaree and Kolodkin.

Chamber for Marine Environment Disputes

The Chamber is available to deal with disputes relating to the protection and preservation of the marine environment. The Chamber, consisting of nine members, is composed as follows for the period ending 30 September 2020:

President	Judge Pawlak
Members	Judges Ndiaye, Gao, Kelly, Kulyk, Gómez-Robledo, Cabello, Chadha and Lijnzaad.

***Ad hoc* chambers**

In addition to the Chambers established by the Tribunal, parties may request the Tribunal to constitute an *ad hoc* chamber for a particular dispute (Statute, article 15, paragraph 2). The composition of the chamber is determined with the approval of the parties, who may also choose judges *ad hoc* if the chamber does not include a judge of the nationality of either or both of the parties. Such an option therefore

combines the advantages of a permanent court with those of an arbitral body, but avoids the considerable expense that is often incurred in participating in arbitral proceedings.

To date, two *ad hoc* chambers have been constituted, the first dealing with the *Case concerning the Conservation and Sustainable Exploitation of Swordfish Stocks in the South-Eastern Pacific Ocean (Chile/European Union)*, and the second with the *Dispute concerning delimitation of the maritime boundary between Ghana and Côte d'Ivoire in the Atlantic Ocean (Ghana/Côte d'Ivoire)*.
