

**INTERNATIONAL TRIBUNAL FOR THE LAW OF THE SEA
TRIBUNAL INTERNATIONAL DU DROIT DE LA MER**

The International Tribunal for the Law of the Sea, an international court with its seat in Hamburg, Germany, has the following vacancy:

Information Systems Assistant (G-7)

Functions: Under the general supervision of the Information Systems Officer, the incumbent is responsible for:

- Providing support for computer information systems, databases and applications of the Tribunal;
- Providing support on computer application systems development matters;
- Installing computer application systems software and hardware;
- Participating in the development, programming, testing, debugging and implementation of new computer application systems releases, modules and functionalities;
- Maintaining the inventory of the Tribunal's equipment;
- Designing, creating, managing and maintaining technical documentation for relevant computer application systems and products;
- Assisting in developing/refining support and operations procedures for computer applications systems;
- Assisting in the identification of computer application systems user needs;
- Keeping abreast of developments in the field;
- Providing staff with guidance and training;
- Performing other related duties, as assigned.

Qualifications and experience: Completed secondary education. Additional training or certification in computer information systems or related areas is desirable. Minimum five years' relevant and progressively responsible experience in information systems implementation, systems administration and maintenance in a Microsoft Windows environment. Experience in designing, implementing, and managing TCP/IP network infrastructures. Experience across a broad range of hardware and software platforms. High level of familiarity and experience with the following Microsoft products: Windows 10/11, Windows Server, Microsoft 365, SharePoint Services, Microsoft SQL Server, and Windows Exchange Server. Knowledge and experience using PowerShell. Knowledge in current nature of cyberthreats and methodologies; experience in using IT network monitoring, IDS/IPS systems, tools, techniques, and cyber security protection measures.

Excellent knowledge of English or French and working knowledge of the other language. Knowledge of relevant procedures and practices of the United Nations common system would be desirable.

The Tribunal reserves the right to appoint a candidate at one level below the advertised post.

Appointment to this post is on a local recruitment basis.

Remuneration: An initial two-year fixed-term contract (renewable), attractive tax-free salary with United Nations benefits and allowances. **Applications should be sent by email to the Head of Personnel at:** personnel@itlos.org.

A completed ITLOS personal history form (P11) must be received at the Tribunal no later than **30 December 2024**. **Only short-listed applicants will be contacted.** The P11 form can be found on the Tribunal's website at <https://www.itlos.org/en/main/the-registry/employment-opportunities/>.
